Draft Vision Statement

The Far East Community Area is comprised of safe and inviting neighborhoods with diverse, quality, and affordable options for housing, dining, shopping, medical services, healthy food, and community gathering spaces, all organized around quality parks and the area's own walkable arts, entertainment and shopping district. Residents of all ages and incomes can get around easily using well-lit and well-maintained sidewalks, trails, bicycle facilities, and transit amenities lined with trees and landscaping, green stormwater treatments, and public art.

Draft Goals

- Improve comfort and safety throughout the area with improved lighting, signage, and enhancement of parks, trails, sidewalks, and other community assets.
- Increase access to healthy food and health care for all residents.
- Facilitate development patterns that include local employment and entertainment opportunities in one or more mixed use urban centers or arts districts that are highly walkable and connected and serve as an area destination.
- Increase equitable access to parks, open space, trails, community gathering facilities, and recreational amenities.
- Create housing, employment, goods and services that serve, support and are accessible to a variety of income levels, age groups, and multi-generational households.
- Encourage commercial development to be less auto-oriented and more walkable and provide a greater diversity of locally serving restaurant and retail options.
- Improve comfort, safety and aesthetics throughout the Far East Area with tree-lined streets, other urban greening, and integration of sustainable infrastructure.
- Expand the amount and variety of multi-modal networks throughout the Far East Area.
