*Sarah Serpas, COSA Planning Department*

---

### Meeting Purpose

Following several months of a holding pattern due to the COVID-19 Pandemic, the Planning Department began hosting virtual planning team meetings in August and September of 2020. This meeting was a “reconnect” meeting, designed to acclimate planning team members with the WebEx Platform, and share how members had been working and living during the pandemic. The meeting was very brief, and intended to ease the planning team back into regular meetings outside of our normal topics of discussion.

### Meeting Format

COSA Staff Facilitated a discussion with a brief presentation. This presentation can be viewed in the Documents Library on the plan website: <https://highway151.sacomplan.com/documents/>

### Discussion

Arturo Herrera of VIA Metropolitan Transit gave a brief presentation to start the meeting. He discussed VIA’s efforts to encourage more on-demand service, particularly in the Highway 151 and Loop 1604 Area Regional Center. Planning team members were interested in these prospects, and excited to see where the work headed. Following this presentation, Sarah Serpas provided an overview of the draft mobility plan section with a walk through of the draft document. Planning team members did not have any direct comments during the meeting, but were encouraged to submit their feedback or be in conversation with Sarah following the meeting. The draft mobility plan section, and other plan sections, are available on the Plan Website for public review now.

## Next Steps for Highway 151 and Loop 1604

The next planning team meeting is scheduled for Wednesday, December 16<sup>th</sup>, 2020, as the first virtual full two hour planning team meeting to discuss visuals, focus areas, and amenities + open space.

More information about the upcoming meeting, materials from previous meetings, and other information can be found on the plan website: <https://highway151.sacomplan.com/> If you have any questions please contact me:
