TOMORROW

SA Tomorrow Background

Mayor Nirenberg Welcome Video

The Challenge: Expected Growth

1.7 million
2010

+ 1.1 million

POPULATION

2.8 million
2040

An additional 1.1 million people are forecasted to live in Bexar County between 2010 and 2040. This means **½ million new housing units** and **½ million new jobs**.

Bexar County

Comprehensive Plan Vision & Guiding Principles

SA Tomorrow is the story of a great American city.

San Antonio is a dynamic city with neighborhoods that are complete with unique places that define their character and celebrate our history. Our corridors unite our residents and our businesses, using cutting-edge multi-modal options that connect our neighborhoods to vibrant regional destinations...

Maintain the character and integrity of existing San Antonio neighborhoods, parks, open space and trails by focusing growth in mixed-use regional centers and along attractive multimodal corridors with high performing transit service.

Ensure that all residents living in existing and new neighborhoods have safe and convenient access to jobs, housing, and a variety of amenities and basic services including great parks, strong schools, convenient shopping and nearby regional centers.

Connect local and public transit-income neighborhoods with a system of walkable and bikeable streets, trails and pathways that celebrate and live natural greenways and strategic water.

Encourage and integrate San Antonio by providing accessible biking and transit opportunities throughout the city.

Encourage a variety of amenity-rich places throughout the city with a balance of live, work and play opportunities.

Conserve, protect and manage San Antonio's natural, cultural and historic resources and open spaces.

Encourage and integrate innovative and sustainable housing and development.

Provide an ongoing planning process to assess, discuss and timely planning and design of regional centers, corridors and neighborhoods with continued opportunities for participation and partnerships, privatization, and performance measurement.

Provide the residents of San Antonio, including youth, seniors, and disabled populations, with enhanced levels of outreach and engagement.

Comprehensive Plan Topics

- **Identified Key Issues**
- **Established Citywide Goals**
- **Developed Policy Theme Areas**
 1. Growth and City Form
 2. Transportation and Connectivity
 3. Housing
 4. Jobs and Economic Competitiveness
 5. Community Health and Wellness
 6. Public Facilities and community Safety
 7. Natural Resources and Environmental Sustainability
 8. Historic Preservation and Cultural Heritage
 9. Military

SA Tomorrow Sub-Area Plans

Sub-Area Plans

Regional Centers

- 13 Regional Centers
- Phases 1-3
- City-wide share by 2040:
 - 50% of new jobs
 - 20% of new households

Community Plan Areas

- 17 Community Plan Areas
- Phases 1-5

Phase 4 Plans

Phase 4 Community Areas

- West Northwest
- Near Northwest
- Near North
- North Central
- Near Northeast
- Southwest

What is a Sub-Area Plan?

- Developed to implement the City's SA Tomorrow Comprehensive Plan that was adopted in 2016
- Sub-Area plans provide a greater level of detail for a specific area and allow stakeholders the opportunity to give input for their part of the City
- 30 Sub-Areas that together cover all of San Antonio - Developed six at a time over five phases

Land Use
A key goal of the SA Tomorrow Comprehensive Plan is creating a land use map for the entire city that reflects the community's desired pattern of development

Mobility
This section discusses strategies and improvements that could improve getting around in the area

Housing
This section complements the Land Use section with specific strategies for housing in the area

Amenities & Public Space
This section discusses future projects and policies for creating places where people have access to basic infrastructure, the outdoors, and cultural assets

Economic Development
This section describes specific strategies for supporting businesses and connecting people to jobs

Why Sub-Area Plans?

- **Effective and equitable planning for the entire city. For neighborhoods, we recognize that we need to plan for three types of areas:**
 1. Registered neighborhoods that are within an adopted plan
 2. Registered neighborhoods that are not within any adopted plan
 3. Neighborhoods that are not part of a registered association or within an adopted plan area
- **Create a comprehensive and consistent land use map for the entire city.**

Sub-Area Plans

Sub-Area Plans are intended to provide a more coordinated, efficient and effective structure for neighborhood planning. Existing and future neighborhood planning will be integrated into the planning for regional centers and community planning areas. Neighborhoods will become integral sub-geographies of these sub-areas while also receiving special attention through chapters and/or sections reflecting specific opportunities, challenges, recommendations and priorities from each participating neighborhood. Neighborhood and community plans should be respected, as appropriate, as they are integrated into the sub-area plans. Following are the three categories of Sub-Area Plans which include: Regional Center Plans; Corridor Plans; and Community Plans.

SA Tomorrow Comprehensive Plan, page 17.10

Sub-Area Plan Project Phases

1

Analysis & Visioning

Existing conditions; existing plans review; vision and goals; focus areas and corridors; Community Meeting #1

2

Plan Development

Develop plan elements; focus areas and key corridors; transformative projects; Community Meeting #2 and #3

3

Recommendations & Implementation

Action and phasing strategies; draft Plan elements; Community Meeting #4

4

Documentation & Adoption

Public Hearings, adoption, final summary and ePlan

How is the Plan Organized?

Vision and Goals

Covers the whole Sub-area

Recommendations

Specific to each topic

Strategies

List of ways to achieve the recommendations

Schedule & Planning Team
Roles and Responsibilities

Why You're Here

- Key role in your community
- Unique and diverse perspectives
- Representative for geographic area and/or organizations within the Project Area
- Common goal: make your area the best place to **live, work and play!**

Roles and Responsibilities

- **Support the implementation** of the SA Tomorrow Comprehensive Plan
- **Provide advice and guidance** on the planning process
- **Provide input and feedback** on draft products
- **Serve as an ambassador** for the SA Tomorrow Sub-Area project
- **Summarize input** and feedback from others, for the Planning Team
- **Contribute to at least one formal outreach event**
- **Distribute** information through your community/organization

Rules of Decorum

- Meetings **begin and end at announced times**
- **Unanticipated alternative topics** typically wait for the next meeting
- **Open for public attendance** but designed as a work session
- **Basic Principles:**
 - Presence
 - Mutual respect
 - Empathy
 - Learning
- **Communicate** any ideas and concerns **first with your Project Manager**

Time Commitment

- Total of approximately 12 Planning Team Meetings
- Meetings every four to six weeks on average
 - Approximately 1/2 in person and 1/2 virtual
- Typically 2-hour meetings
- Meeting location always in your Sub-Area / Some will be virtual
- We will schedule meetings as far in advance as possible
