Vision & Guiding Principles for 2040

SA Tomorrow is the story of a great American city.

San Antonio is a dynamic city with neighborhoods that are complete with unique places that define their character and celebrate our history. Our corridors unite our residents and our businesses, using cutting-edge multi-modal options that connect our neighborhoods to vibrant regional destinations...

Maintain the character and integrity of existing San Antonio neighborhoods, parks, open space and trails by focusing growth in mixed-use regional centers and along attractive multimodal corridors with high performing transit service.

Ensure that all residents living in existing and new neighborhoods have safe and convenient access to jobs, housing, and a variety of amenities and basic services including great parks, strong schools, convenient shopping and nearby regional centers.

Connect safe and stable mixed-income neighborhoods with a system of walkable and bikeable streets, trails and pathways that celebrate and link natural greenways and drainage ways.

Ensure an inclusive San Antonio by providing affordable housing and transportation choices throughout the city.

Encourage a variety of amenity-rich places throughout the city with a balance of live, work and play opportunities.

Conserve, protect and manage San Antonio's natural, cultural and historic resources and open space.

Encourage and integrate innovative and sustainable ideas and development.

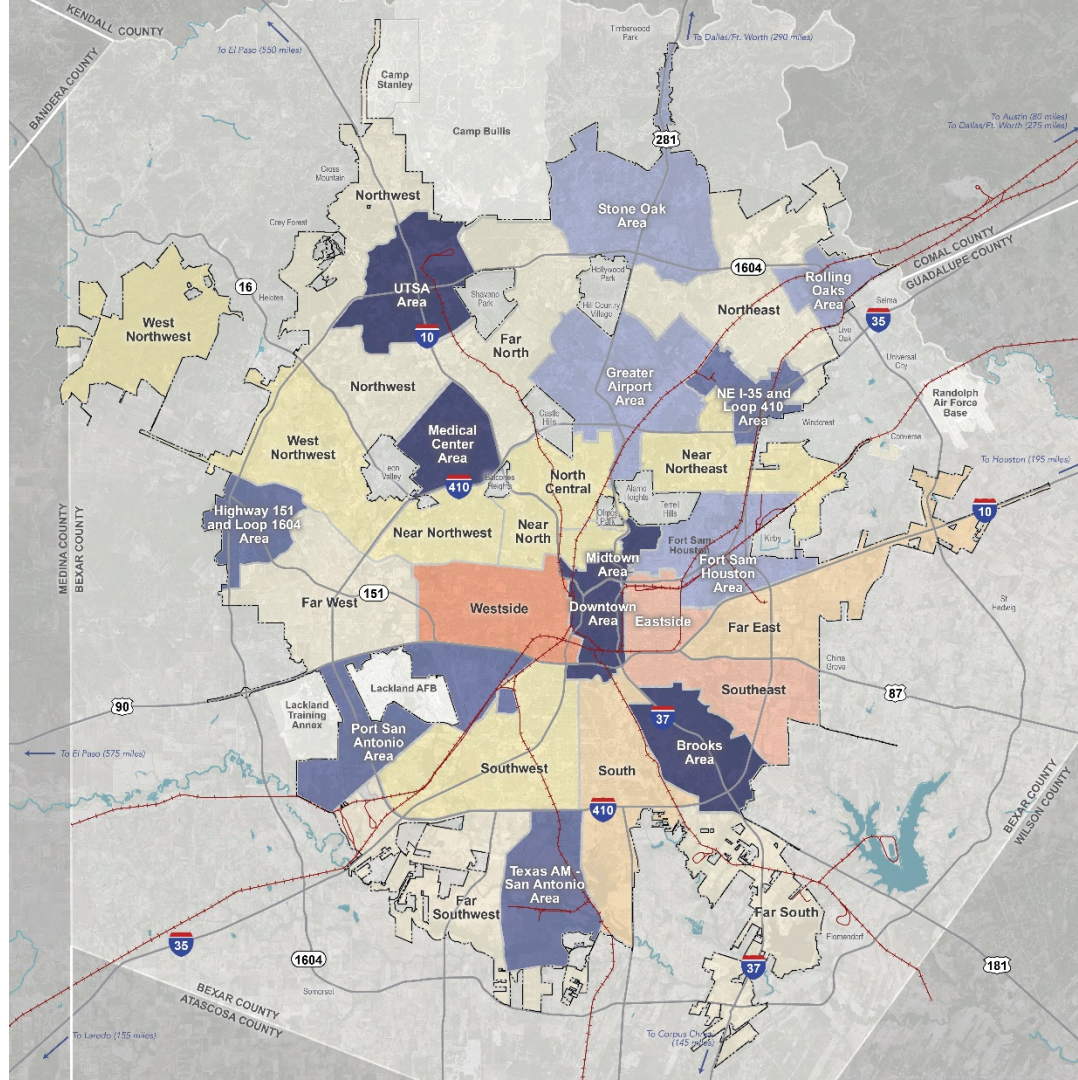

Provide an ongoing planning framework for more detailed and timely planning and design of regional centers, corridors and neighborhoods with continued opportunities for participation and partnerships, prioritization, and performance measurement.

Provide the residents of San Antonio, including youth, seniors, and disabled populations, with enhanced levels of authentic engagement.
